Flat Stanley IN Edmonton, Alberta

I am not sure what happened this morning. I woke up went to the airport, got on my airplane and arrived in Edmonton after stopping in Calgary.

I never wondered why it was so quiet traveling. I think it was because I was so tired that I did not realize Flat Stanley was not with me.

My wife called me and said we have a very upset Stanley at home what can we do about it.

Well after asking my hotel staff to help, we finally got Flat Stanley transported to me through the my email. I receive a very happy and relieved Flat Stanley.

So our adventure in Edmonton begins. Please enjoy our site seeing pictures;
